

DR FABIAN BAEZ

Dr Fabian Baez is a graduate of Monash University Melbourne, Australia, and has been in private practice for 10 years. He has wide experience in anti-ageing techniques, and is a pioneer of a revolutionary non-surgical facelift; Aptos Threads. Regularly featured in the media, Dr Baez practices the latest advances in cosmetic techniques of Liposculpture; "Stitch Eyebrow Lift"; Fat Transfer; Hair Transplantation; and has special interest in the treatment of cellulite. Dr Baez runs regular teaching workshops, constantly bringing new techniques and procedures into the country and his practice. He holds the following professional qualifications and memberships:

- *Member of the Cosmetic Physicians of Australasia*
- *Committee member of the International Union of Societies for Lipoplasty*
- *Fellow of the Australian College of Cosmetic Surgeons*
- *International member of the Societ Argentina De Lipolastia*
- *Member of the International Society of Hair Restoration*
